> Scent City

Select fragrances that are light and airy or warm and subtly sensuous; a cloying one is such a distraction. Fresh scents like **Vera Wang** Look (\$90, 3.4 ounces), a mix of freesia, lily and watery greens, and the unexpected **Bulgari** Jasmin Noir (\$140, 3.4 oz, both at Nordstrom stores), which blends jasmine, gardenia, almond and precious woods, are perfect choices. So, too, is **Bond No. 9** Andy Warhol Lexington Avenue eau de parfum (\$195, 100 ml, Saks Fifth Avenue), a modern floral-woody brew of peony, fennel and sandalwood.
