fragrance obsessions!

spicy BOND NO. 9 ANDY WARHOL
SUCCESS IS A JOB IN NEW YORK

Unexpected notes (pimiento, cardamom, coriander) partner with tuberose and jasmine; the result is complex and warm. \$220, SAKS.COM

soft BULGARI BLV II

This has a subtly glamorous, powdery character: Iris, vetiver, and violet complement each other beautifully. \$68, MACYS.COM

fruity BEBE

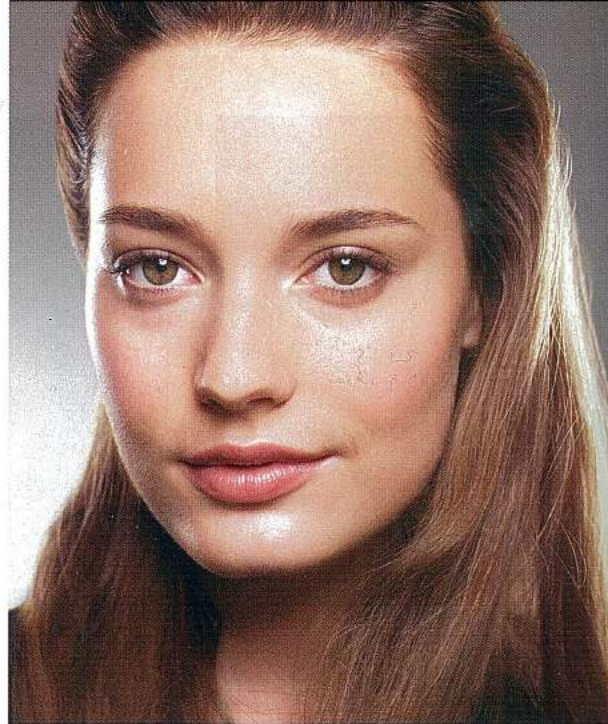

EAU DE PARFUM Sweet and zesty at first, this is really sophisticated when it dries down—like juicy berries with a mysterious, lingering aura. \$50, BEBE.COM FOR LOCATIONS

romantic DOLCE & GABBANA ROSE THE ONE At turns both fresh and deeply sexy: Black currant and lychee blend with doses of peony, amber, and Bulgarian rose. \$60, NORDSTROM.COM

floral HELENA RUBINSTEIN ALL YOU'VE EVER WANTED EAU DE PARFUM Jasmine and gardenia are incredibly pretty—this has a spring-breeze-in-the-flower-garden feel to it. \$60, MACYS.COM

ULTIMATE MATTE

These new makeup-skincare hybrid formulas are serious shine obliterators.

CLINIQUE STAY-MATTE SHEER PRESSED POWDER
A light finish with the perfect amount of pigment; you can build it so it's almost foundation-like, or leave it sheer and natural. \$19, CLINIQUE.COM

BENEFIT MATERIAL GIRL MATTE-FINISH SETTING POWDER
Use this after blush: It goes on imperceptibly, keeps color from fading, and eliminates oiliness. \$24, BENEFIT COSMETICS.COM

DR. BRANDT FLAWS NO MORE SKIN PERFECTOR Dotted onto the T-zone, around the nose, etc., this instantly erases redness and oiliness—like an invisibility cloak for trouble spots. \$55, DRBRANDT SKINCARE.COM

ACNE & BYREDO LILLA NYGATAN NO. 23 CANDLE. \$65, BARNEYS.COM

OUR ACNE PROBLEM To be honest, we already had an Acne problem (the beyond-cool Swedish label's perfect jeans, the Lanvin/Acne dresses, etc.). Now it's just much worse: They've collaborated with indie perfumer Byredo on a candle that smells like church incense and earth and the floorboards of a centuries-old farmhouse. And the elegantly subdued packaging makes us want a row of 10 of them up on our mantel.
