# On My Mind Queen Latifah

The *Joyful Noise* star on riding topless, snorkeling, and living like royalty

**I love diamonds, but ...** Nixon watches are the best accessories. They are super-stylish, and I can wear them out skateboarding or to a club—they go with everything.

Nixon watch, \$60; nordstrom.com.

**My beauty pet peeve is ...** Having to reapply lipstick. That's why I use this rich red. It's still there after lunch.

Cover Girl Queen Collection lip color in Paint the Town, \$7; covergirl.com/queen.

**I never wear just one ...** Fragrance. I like to create a unique scent by layering two. Right now it's Noho over Warhol, both from Bond No. 9.

Nuits de Noho and Andy Warhol Lexington Avenue eaux de parfums, \$160 each/50 ml; bondno9.com.

**I'm counting down the days until ...** Cinco de Mayo. I celebrate at the restaurant El Centro if I'm in N.Y.C. or at Tinga in L.A. Margaritas, great service—what more could you ask for?

**Right now I'd like to be ...** At the Great Barrier Reef. It's summertime in Australia, which is very appealing to me.

**I always travel with ...** A tub of La Mer and a good cleanser to take off my makeup. Those are my two essentials.

La Mer moisturizing cream, \$135; saksfifthavenue.com.

**“Judge Mathis, Judge Judy, People's Court—I need my daily dose of courtroom drama, so it's a blessing when they are on at different times and I get to watch all three!”**

**When I want to unwind ...** I zip around town on my Vespa with my hair blowing in the wind. I also have a Rolls-Royce Phantom Drophead Coupé convertible for less sporty outings.
