## Bright and juicy

Victoria's Secret Bombshell Summer (\$49 for 1.7 oz) blends zingy pink grapefruit with velvety lily of the valley.

Benefit Ring My Bella (\$36 for 2 oz) smells delicious and uplifting, almost like crushed Sweet Tarts.

Elizabeth Arden Pretty Hot (\$65 for 3.3 oz) is what you'd wear to salsa: a mix of juicy red currant, tropical flowers, and exotic spices.

Beyoncé Heat Rush (\$59 for 3.4 oz), with its golden honey-amber base, is sexier and warmer than your average fruity fragrance.

## Lush and floral

Bond No. 9 Madison Square Park (\$240 for 3.4 oz) weds romantic flowers (red-leaf rose and grape hyacinth) with grassy notes.

Strange Invisible Perfumes Epic Gardenia (\$195 for 1.7 oz) is a sultrier kind of floral: It smells earthy and wet.

Saffron James 'Urne (\$85 for 1 oz) puts a spicy twist on feminine gardenia with notes of ginger and oakmoss.

Tom Ford Neroli Portofino (\$190 for 1.7 oz), a decidedly non-girly fragrance, has the crisp, refreshing bite of a blood orange.
